

# Buying.com Token Bridge User Guide

## **General Instructions**

- **BUY** token is an **Algorand** based token(ASA). <u>https://algoexplorer.io/asset/137020565</u>
- You need to have an algorand wallet with BUY token opt-in completed.We support <u>MyAlgoWallet</u>. Please refer here for more info on opting-in: <u>https://link.medium.com/IZFXjo2zYhb</u>
- However, for interacting with established DeFi protocols, we have built a wrapped version, WBUY, an ERC20 token on the Ethereum Blockchain. <u>https://etherscan.io/token/0x396ec402b42066864c406d1ac3bc86b575003ed8</u>
- You need to have an Ethereum wallet with BUY token already added. We support Metamask and you can add the token using this link <a href="https://tinyurl.com/2yu5wfcp">https://tinyurl.com/2yu5wfcp</a>. You can also add token using "Add Token" > "Custom Token" and enter the following contract address:0x396ec402b42066864c406d1ac3bc86b575003ed8
- You can use <a href="https://bridge.buying.com">https://bridge.buying.com</a> to convert between BUY & WBUY
- BUY to WBUY conversion transactions can take around 5-10 sec on Algorand blockchain. Kindly be patient for the transaction to complete.
- WBUY to BUY conversion transactions can take around 15-20 sec on Ethereum blockchain. Kindly be patient for the transaction to complete.
- Once submitted, you can view your transactions at <a href="https://bridge.buying.com/transactions">https://bridge.buying.com/transactions</a> and see the current status as pending.
- After submission, your request will be verified and approved by buying.com admin. This can generally take around 1-2 hours. Kindly be patient while we verify your transaction.
- Once approved, your transaction status will change and you can view your tokens in your wallet.
- Let's deep dive into how it is done.

# How to convert BUY to Wrapped BUY(WBUY)

Step 1: Go to <u>https://bridge.buying.com</u> and click on "Convert to Wrapped Buy ETH Tokens"
